I have been working in the Information Technology field since I was 14 years old, starting with hardware and transitioning to software at 16. I maintain a consistent study routine, enhancing my skills through courses, certifications, projects, books, and lectures. I believe in the potential of technology as a tool for decentralization, cost reduction, and improving daily life. I am curious and focused, exploring various areas to apply technological solutions. I prioritize accessibility, responsiveness, performance, semantics, SEO, usability, testing, YAGNI, KISS, security, and quality and design standards.

WORK HISTORY

Front-end Developer

2021-10 - present

Performa_IT, Home Office

As a front-end developer, I work on e-commerce platforms, crowdfunding sites, clients in the financial market, and various systems. I have refactored screens for new technologies, integrated ChatGPT and Pix, and implemented impact credit functionalities and Design Systems. I actively participate in Scrum rituals, collaborate with QAs and designers, and mitigate security issues. Technologies I have used include: React, NextJS, ViteJS, TypeScript, Storybook, SASS, Styled Components, EmotionJS, Chakra UI, Ariakit, Animate.css, polished, Netlify, Zustand, Yarn, Axios, Rollbar, Husky, ESLint, Prettier, GraphQL, SonarQube, Hasura, and NodeJS. I have improved project architectures and implemented file minification pipelines. I prioritize user experience and teamwork, contributing to product quality and innovation. I taught a workshop about Storybook and Web Accessibility for my coworkers.

Front-end Developer

2019-05 - 2021-09

Velow Systems, Blumenau, Santa Catarina, Brazil

I worked as a front-end developer, creating and maintaining web applications, including a corporate social network. I used technologies such as HTML, CSS, SASS, JavaScript, TypeScript, jQuery, NPM, Git, Material Design, Web Socket, Firebase Web Push Notifications, Service Worker, RxJS, AngularJS, and Angular. I contributed to the implementation of HTTP2, developed an Angular Library for the Design System, and trained new team members.

IT Support

2017-05 - 2018-10

Fazzenda Park Hotel, Gaspar, Santa Catarina, Brazil

I worked as IT Support, managing a high volume of service orders and multiple responsibilities. I gained extensive experience in hardware, networking, and computer maintenance, efficiently resolving technical issues.

EDUCATION

Information Systems

2021-01 - present

FIAP

Upon entering college, I gained extensive experience with languages, libraries, and frameworks such as Python, C, JavaScript, Kotlin, Swift, PostgreSQL, OracleDB, Angular, and React. I studied project management,

UI/UX design, Digital Accessibility, Azure Cloud, and DevOps culture. This learning formed the basis for developing projects including assembling a robot using Arduino, creating an intuitive game for children, developing a supply chain management system, and designing an app for drivers to request mechanical

AWARDS

1st place in NEXT (FIAP)
2022-10

2nd place in NEXT (FIAP)
2023-10

COURSES

Communication and semiotics
2021-10

FIAP

60 hours.

Front-end programmer
2019-06

Apex

120 hours.

NodeJS, TypeScript, TDD, DDD, Clean Architecture e SOLID
2023-07

Udemy

47.5 hours.

Web Accessibility developer
2020-04

Alura

20 hours.

Full stack (VueJ, GraphQL and NodeJS)
2022-01

Rodrigo Branas

3.5 hours.

Front-end formation
2020-11

Alura

360 hours.

CERTIFICATES

Microsoft 70-480
2020-12

Microsoft

VueJS (gold)
2022-01

TestDome

NodeJS (gold)
2022-01

TestDome

JavaScript (gold)
2022-01

TestDome

- **Advanced English**

  Alura

  2020-06

SKILLS

- Hard Skills: React, Angular, AngularJS, NextJS, ViteJS, Vue, JavaScript, TypeScript, GraphQL, Storybook, RxJS, HTML, CSS, SASS, Styled Components, Prettier, Husky, ESLint, Chakra UI, Ariakit, Yarn, ES6+, Axios, Animate.css, NodeJS, Netlify e Zustand.

- Soft Skills: Communication, continuous improvement, autonomy, proactivity, conflict resolution, collaboration, leadership, active participation, teamwork, task management, adaptability, and time management.
